

25X1A2d2

SUBJECT: [REDACTED] - Meeting of Peculiar Items Panel

ADDENDUM:

After this memorandum was prepared, it was learned that reference (b) was retrieved, revised, and resubmitted by TSD, [REDACTED]. The revision, however, consists only of a division of paragraph 6 into two separate paragraphs. The second of these two paragraphs was strengthened, and suggests that CA Staff sponsor an expanded testing and surveillance program for all paramilitary ordnance in Agency stocks. It further suggests that CA Staff assume responsibility for funding such an expanded program. Basically, reference (b) reflects TSD's proposal, and is just as suitable for use as a gauge of impact on OL as the revision. For this reason, it is being allowed to remain a part of this memorandum for informational purposes.
